

# Music

day course semester 2, 2010

The new SBBC music curriculum will unfold in two phases. During the first phase the Core Music Program will be implemented. The Core Music Program is a basic level music course, covering the essential theoretical, philosophical and practical aspects that are very helpful for people in church leadership at all levels. The curriculum covers six semesters in three years (though the first intake of students will complete the course in five semesters over two and a half years) based on a time allocation of two fifty minute lectures per week. This does not include the proposed choir involvement.

Phase Two will be implemented at the beginning of the first semester of 2011. Phase Two introduces the Music Emphasis and Church Music Major strands. These two strands cater for the serious music student who believes God would have him use music as a major part of his ministry.

## Course Structure

Phase One introduces the Core Music Program. The CMP consists of six basic classes required for all full-time students of SBBC. With the initial intake of students in Phase 1, the six music subjects will be covered in the Core Music Program over five semesters. In phase two, beginning in 2011 the six subjects, listed below will be spread over six semesters, one for each semester.

- Music Appreciation
- Biblical Survey of Music
- Music Theory for Song Leading
- Hymnology
- Biblical Philosophy of Music
- Song Leading

## Why SBBC

Sydney Bible Baptist College is a local church based ministry dedicated to training spiritual leaders for the 21st century.

The College features an unparalleled team of lecturers and staff, fine academic resources and 35 years of history in training Australian men and women for the ministry.
