

# New Testament Bible History

## evening course 2013

Designed to make the New Testament come alive for the student, this course contains a wealth of historical background and stunning images. Each lesson is illustrated with thousands of photos, maps, animations and text visuals.

Not only will students learn about the events which happened at the Sea of Galilee, they will see it in graphic and vivid photos which link New Testament events to real places while they study.

Pastor Richard Hester built this course as a resource to instruct and benefit everyone from Pastors and Christian workers to lay people.

Students will receive a workbook with 184 pages of study materials, designed to develop insight and discernment of biblical truth and intended to make the student think.
